**Live Seminar Audio Product /
Seminar Workbook by
Dayo Adetiloye**

Hello my Millionaire Friend,

Starting, Growing and running a business in this part of the world is dynamic and getting competitive

everyday with different issues and challenges that we need to overcome.

My Live seminar has solved some of these problems for us and we have packaged the messages from this live seminar into an Audio format and Seminar workbook.

To get the information on starting, growing and expanding your business, let me tell you the reason I am qualified to sell you this product and mentor you in your business.

I have been in the Business development, Empowerment and Consulting industry for 8 years. In July 2012, 3 years ago, my organization Hundred and Five Academy (100/5 Academy) set a vision to raise 100 millionaires in 5 years.

As of today, we have raised over 65 millionaires directly and indirectly. Some became millionaires through Business Grant Opportunities, Business Opportunities, and some built their own business to that level.

What I have discovered from my 8 years' experience is that successfully rich people have access to some certain information that made them rich. E.g. If you don't have access to a business grant information that can help you start or expand your business, there is no way you can apply, talk less of winning it.

I also discovered that big organisations have access to different consultants that help them solve personal and business/organisational problems. But small start-up businesses in our side of the world cannot afford to pay big consultants.

That is the reason www.dayoadetiloye.com has positioned to help people to **Start, Grow and Expand their business**, become millionaires and move from poverty to prosperity.

Number one tool we use is Information!

A prophet by divine inspiration said "My People are destroyed for lack of knowledge".

Somebody also said "Money will not make you rich but financial knowledge will make you rich".
